SD County Fair Opens Friday For 11-Day Run

DEL MAR — The 77th San Diego County Fair will open an 11-day run at the fairgrounds here Friday, June 24.

Forty thousand exhibit entries will be available for viewing by an expected 350,000 fairgoers from throughout the Southland.

The exhibits will range from a miniature town built with 10,000 toothpicks to six-foot high Charolais bulls and and real $100,000 bill to live trees with ripe fruit on the limbs.

Cash premiums totling $136,818 — a record high for a record field — will be offered winners.

The National Horse Show, the world's largest, will open a day earlier, June 23, and continue through the fair run. Some 2,000 horses are expected to participate in morning, afternoon and evening performances.

Opening day ceremonies will begin at 11 a.m., Friday, June 24, with a parade from the main gate down the Avenue of Flags.

Four hundred carrier pigeons will be released "to carry the word" that the County Fair has begun, according to Roy Welch, fair secretary manager.

The $80,000 Apprenticeship Building, where San Diego area apprentices will learn and show their skills, will be dedicated at the same time.

Exhibits will be open from 10 a.m. to 10 p.m. daily.

Fairgoers will find easier access to the 265-acre fairgrounds with the opening June 21 of Interstate 5 freeway from Carlsbad through Rose Canyon. The local boulevard leading from U.S. 101 in Del Mar also has been widened and improved.

Reigning over the exposition will be Fran Rooks, 20, of Pacific Beach, the Fairest of the Fair. Her escort will be actor Tommy Hernandez, portraying Don Diego.

The fair's own feature exhibit will be the "Golden Slippers," a 40-foot long creation of animated "people" swaying with huge notes to the recorded song, "Oh! Them Golden Slippers."

It will be surrounded by displays from Southland communities and organizations in Exhibit Hall.

Entertainment will be continuous from the opening of the fair to its climax with a $1,475 fireworks show at dusk on Independence Day..

Two Grandstand shows daily, June 24 - 30, will feature Randy Boone of "The Virginian" television series, the singing Clinger Sisters, dancing Four Step Brothers, trampoline comics Lyons Family and personality Al Lyons.

There will be six performance of a championship rodeo, July 1 - 4, in the Grandstand.

Meantime, professional artists will perform daily on the Don Diego Stage. Some 600 amateurs will perform on the Community Stage during the fair.

These will be special days with free or discount admissions:

June 24 — Youth Day with free admission to those age 17 or younger.

June 26 — Square Dance Jubilee with discount admission to costumed square dancers who will perform from 2 to 9 p.m.

June 27 — Senior Citizens Day with reduced rate admission.

June 28 — Family Day with reduced rate tickets available in markets.

June 30 — Students Day with free admission for students who received tickets through their schools.

The world's largest outdoor flower show will include 7,000 entries from 5,000 people. Entries will range from single blooms to formal gardens.

Livestock exhibits will include the world's largest dairy goat and rabbit shows.

In the Junior Fair, 19 county youth groups will present demonstrations and displays of their specialties. Fifty teenage bands also will perform in the youth buildings.

Among the perennial favorites for spectators will be gems and minerals, hobbies, home economics, art and photos.

Entertainment and exhibits will be embellished by a carnival midway and concession stands offering everything from pastrami sandwiches to cotton candy.

A new feature this year will be the Chick Carnival, with 150 chicks "performing" on miniature thrill rides.

Many new commercial products will be shown in Bing Crosby Hall.

Fire Tax Rate Goes Up 3 Cents

A budget calling for the expenditure of $194,380 for the 1966-67 year was approved at the June 13 budget hearing of the Lemon Grove Fire District. It is $12,000 higher than the previous budget and represents an estimated 3 cents increase in the tax rate.

Fire Chief "Pappy" Hensley said a cost-of-living wage increase of 3½ per cent was included for all men in the department. A new man, bringing the station's personel to 17 full time men was included in the budget.

The tax rate presently is 66.5 cents. Hensley said his estimate of 69.4 cents was only a "guess. We can't tell what the rate will be until the assessment rolls are turned in. These will not be available to us until August," he said.

The budget must be handed to the Board of Supervisors by July 1.

Reputation on a Cash Register

We squawk about the lack of morality in government, but there's some of the same stuff in business, too.

It is recorded that Washington, with its fast buck boys, its boozers, liars, and its politicians and lobbyists, has whittled morality down to a point where a record low norm exists for measuring sin, crime and truth. Recent Supreme Court decisions have lowered this level even more. What used to be smut is now art; what used to be crime is now caste.

Little wonder people believe in so few things any more.

One of the things resulting from this sorry state of affairs is that people do not so readily believe the things they read.

This bothers newspaper editors and reporters.

The San Diego Chapter of Sigma Delta Chi, the national journalistic society, addressed itself to this problem earlier this year and formed a "Believability of the Press" Committee. One of the things that happened this week will probably provide a project for this committee to work on.

In a full page advertisement in the Sunday Union, an area shopping center merchant offered a new, safe auto tire at a 'reduced' price. The ad was fruitful, for many people stood around the salesroom with the newspaper ad in their hands. The newspaper produced people because people believed in the newspaper.

When customers asked for the tire featured in the ad the salesperson asked "Are you planning to sell your car?" The question implies the tires were not worthy of purchase, although the newspaper ad said they were. When the customer acted surprised that anyone would suggest that he would put shoddy tires in his vehicle, even to sell it, the salesperson would ask, "Then you want a safe tire?" Some of the customers held out the newspaper ad which said the tires were good, sound and safe. "You don't believe everything in the paper, do you?" was the response.

Here is a neswpaper suffering the loss of believability because a merchant wants to save his own reputation by making the paper the patsy in a "switch" sale.

Believeability is the first rule of newspaper publishing and few newspapers allow anything to breach this faith.

Without faith in its products, the press couldn't be a force for democracy. Without faith there would be no point in battling for freedom of the press — freedom to let you know what is happening to your rights.

It is indeed shameful that anyone would sacrifice a newspaper's reputation for the sake of a higher figure on his employer's cash register.

This Week's Boner

A prizewinning boner, according to the trade publication THE AMERICAN PRESS, appeared in the MONMOUTH (Ill.) REVIEW PRESS:

Still waiting is a report from the state toxicology laboratory in Chicago, which may give investigating officers some idea as to when Mrs. Pierce was still alive. Officers are inclined to believe she was alive until a comparatively few hours before her death.

Primary Vote Official; Ashcraft Orders Recount

SAN DIEGO (AN) — Registrar of Voters Charles J. Sexton made the June 7 election official Tuesday when he presented his canvass to the County Board of Supervisors. But he complained that the difficulties and problems of the election had been somewhat garbled by the press and teevee.

He reminded Supervisors that central committee races were not known for 10 days in the 1962 elections.

In spite of news media resistance, he had no choice, he said, but to cut off the counts at 9 a.m. on Wednesday with 62 precincts uncounted for various reasons. There were three close races left but the results were unchanged when the counting was completed.

Pressures from news media and from election laws have reached great proportions, Sexton said.

Although letters and resolutions asking for recounts in close races were received, he had no authority to initiate a recount.

County Council Betram McLees told the board that it did not either. Sup. Henry Boney said he didn't want the general fund to pay for individual recounts.

Sexton told the board that he would welcome some candidate asking for a legal recount. He said that only by a recount could the accuracy of the machines be proved.

When Sexton was finished talking, John T. Schall, a lawyer, officially asked for a recount of the vote in the 38th State Senate District on behalf of Hale Ashcraft of Rancho Santa Fe.

Ashcraft, in the machine count, lost the Republican nomination by 700 votes, 34,897 to 35,597, to Clair W. Burgener of San Diego. Both men were assemblymen.

Schall gave clerk Helen Kleckner a cashier's check for $2,400 to pay for the manual reount.

Sexton said he hoped the recount could be started in about a week.

Gehres To Head Vener Campaign

Rear Adm. Leslie E. Gehres, USN ret., chairman of the Republican County Central Committee, has accepted the chairmanship of the campaign to elect Sam Vener, Republican nominee for congress from the 37th district.

"I live in the 37th district, said Gehres, "and I am interested in our being effectively represented in congress. Our present congressman, who by his own admission is a rubber stamp for the administration, again demonstrated it last week when he voted for an amendment to H. R. 14025 that would have given the president author to regulate 'the amount in which and the purpose for which credit may be extended to any person.' Fortunately, the amendment was defeated 273 to 73.

"This amendment would have enabled the president to increase down payments and shorten repayment periods. It would have made it a hardship for low income people to buy automobiles, needed home appliances, or any of the things they have to buy on credit. In voting for the amendment, Congressman Van Deerlin again ignored the interests of the people of his district to carry out orders from the White House.

"In Sam Vener, a practical successful farmer and business man, we will have a vigorous, capable representative, whose interest is in the welfare of the people of the district in which he has lived and worked for 20 years."

Office Burglary Suspect Held

Daniel Ray Scott, a suspect in the burglarizing of the office of this newspaper, was being held in Monticello, New York, Sheriff's deputies said this week.

Scott was first apprehended in San Diego on May 1 after he allegedly had broken into the newspaper office and made off with two books of blank checks and the firm's checkwriter.

He escaped from San Diego City Jail May 4 and was widely sought on burglary and forgery charges.

His girlfriend, Beverly J. Merkel, 25, a San Diego cocktail waitress, arrested with Scott, was placed on three years probation June 15 for forgery in connection with the burglary. Mrs. Merkel forged the name of Max Goodwin, publisher of the newspaper to three checks for $194.57 and three for $97.57. Some of the money was recovered.

Mrs. Merkel was ordered to make restitution to the firms who cashed the forged checks by January, 1968, or be fined $500. Restitution will amount to $400. She chose restitution in Judge Robert Conyer's Court.

Mrs. Merkel spent 37 days in jail on the forgery charge.

Sheriff's detective John Whalen said an order of extradition has been issued for Scott.

Meanwhile, Mrs. Merkel married a man she had known for some time when she was released June 15.

Five Arrested On 3 Charges

Four men and one woman were arrested last Thursday morning in Spring Valley by Sheriff"s deputies on suspicion of auto theft, possession of marijuana and burglary.

Deputies Lawrence Nash and Gary Orrell, while on patrol at 1:10 a.m., observed a white sedan westbound on Campo Rd. with the license plate bulb not lighted.

The deputies stopped the car in the 880 block of Campo. Officer Nash asked the driver, Dale Myers, 25, of 7892 Hillside, La Mesa, for his license. Nash, at that time, observed what appeared to be ignition wires wrapped around the steering column. There were no keys in the ignition switch.

When the driver could not produce a registration slip, all five occupants were ordered out of the car.

Discovered at the scene was a pill vial which was three-fourths full of a dark vegetable material believed to be marijuana.

School Raises OK'd by Board

There may be some minor adjustments, but the school district budget for the 1966-67 school year in Lemon Grove will reach $2,171,000. In it will be a three-and-one-half percent raise for teachers and classified personnel.

The final hearing on the preliminary budget will be held at 7:30 p.m., Monday, in the board room of the Educational Center.

The school board culled the budget at a special meeting Monday night but could locate little "fat" in it.

Raises amounted to $37,500 for teachers and $12,500 for classified personnel. In all, the budget will be about $100,000 higher this year. Federally required programs represent $50,000 and the raises account for the other $50,000.

School Superintendent Byron Netzley said a tax increase of 12-14 cents is likely.

The board Monday night approved the change in title for Paul Reynold from Business Manager of the District to Assistant Superintendent, Business Services.

Christian Science To Be Explained

Christian Science churhes will present a Bible Lesson on the broad and specific meanings of the term "Christian Sience" at their services this Sunday.

Included will be one of the many parables which Christ Jesus used to describe the coming of his kingdom: "The kingdom of heaven is live unto leaven, which a woman took, and hid in three measures of meal, till the whole was leavened. (Matthew). Along with it, will be read these lines from the denominational textbook: "Ages pass, but this leaven of Truth is ever at work. It must destroy the entire mass of error, and so be eternally glorified in man's spiritual frtedom" ("Science and Health with Key to the Scriptures" by Mary Baker Eddy).

U.S. Department of Agriculture figures indicate that if the prices received by farmers had increased proportionately to prices of all other products since 1952, American housewives would have spent $7 billion more for food than was spent in 1965.

"LORD, teach us to pray."

In a sense it may truly be said that any offering to God is prayer. Public worship, devotional reading, charitable deed, work for a worthy cause —all or any of these may partake the quality of prayer if they are made an offering to God. But there is a very large if in that statement.

Vener Slaps Van Deerlin For Credit Act Support

Congressman Lionel Van Deerlin, D-San Diego voted yesterday for an amendment which proposed giving the President dictatorial control over customer credit, Sam Vener, Republican candidate for the 37th Congressional District, said.

"The amendment proposal giving the President authority to issue regulations covering the amount in which and the purposes for which credit may be extended to any person." Fortunately this amendment, which would have made the President the dictator in this important field of economic policy, was defeated by a vote of 273-73," Vener added.

"However, Congressman Van Deerlin voted for the dictatorial control by the President. If the amendment had been approved the President could have increased down payments and shortened repayment periods of such things as automobiles and appliances. This would have made it a hardship for low income people to buy automobiles. The vote on Thursday was on an amendment to H. R. 14025. Extension of the Defense Production Act.

"I find it difficult to believe that the incumbent Congressman would cast a vote so contrary to the best interests and the will of the overwhelming majority of his constituents," Vener said.

"Surely he knows how many people of this area are dependent on a flexible customer credit. Apparently the incumbent has completely divorced himself from service to his district in order to carry out orders from the White House. Rubber stamp voting such as this simply cannot be tolerated any longer."

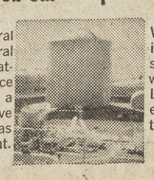
Would you believe a tank this size

would be required to do the job our LNG plant is doing?

Our Liquefied Natural Gas Plant liquefies natural gas and stores it. Then we turn it into natural gas again as we need it. 600 cubic feet of natural gas occupies just 1 cubic foot of space when liquefied. Therefore, we would need a storage tank the size of the one depicted above to hold the 620 million cubic feet of natural gas it's possible to store liquefied at our LNG plant.



We can now buy extra gas in summer and store it for winter use, at less cost than buying the same amount during the winter heating season when the natural gas pipeline is the busiest. LNG helps keep natural gas costs down. We expect savings to total about $10 million in ten years.

Twain To Meet At Starlight

SAN DIEGO, Calif. — Someone once said: "East is East, and West is West, and never the twain shall meet." They were wrong.

The twain will meet July 14 on the San Diego Civic Light Opera Association stage when Starlight presents the charming love story of Old and New World conflicts, "Flower Drum Song."

Set in San Francisco's colorful Chinatown, Rogers and Hammerstein's "Flower Drum Song" tells of Wang Ta (Ole Kittleson), the headstrong first generation son of traditionally Chinese parents, Wang Chi Yang (John Ellsworth) and Madame Liang (Dolly Stefanson).

Wang Ta's refusal to marry the shy picture-bride from Formosa, Mei Li (Suzanne Leamer), and his involvement with nightclub singer Linda Low (Le-one Adoniz), provide hours of hilarity and some of Rodgers and Hammerstein's best songs.

The exotic musical which packed Broadway theaters for 17 months, opens in Balboa Park July 14 through 24. It is spiced with such hit songs as "Love, Look Away," "A Thousand Million Miracles," and "I Enjoy Being a Girl."

RESOLUTION OF BOARD OF SUPERVISORS OF PRINCIPAL COUNTY INITIATING PROCEEDINGS FOR REORGANIZATION AND SETTING TIME AND PLACE OF HEARING.
(OTAY — LA PRESA — SOUTH BAY REORGANIZATION)

On motion of Supervisor Boney, seconded by Supervisor Cozens, the following resolution is adopted:

WHEREAS, resolutions of application for a reorganization has been filed with the Local Agency Formation Commission by the Otay Municipal Water District, La Presa County Water District, and the South Bay Irrigation District, adopted by the Boards of Directors of said districts on March 14, 1966, January 19, 1966, and February 2, 1966, respectively; and

WHEREAS, on April 4, 1966, the plan of reorganization proposed by said resolutions was presented to and approved by the Local Agency Formation Commission, subject to certain conditions, and the County of San Diego was designated the Principal County and the Board of Supervisors of said County directed to initiate reorganization proceedings in compliance with the resolution of said Commission, NOW THEREFORE

BE IT RESOLVED, DETERMINED AND ORDERED as follows:

1. The reorganization proposed relates to a change of organization for the Otay Municipal Water District, La Presa County Water District, and South Bay Irrigation District, all of which districts are located entirely within the County of San Diego.

2. The nature of the reorganization proposed is the detachment of all the territory as described in Part I of Exhibit A hereto attached from the Otay Municipal Water District, and the annexation of the territory described in said Part I to the South Bay Irrigation District, and the annexation of all the territory described in Part II of Exhibit A to the La Presa County Water District, said territory described in Part II to remain within, and part of, the Otay Municipal Water District.

3. The terms and conditions to which such reorganization is to be subject are as follows:

(a) Payment to the La Presa County Water District of the sum of $50.00 for each meter service connection to the water system lying within said District, said fee to be paid at the time application for such service connection is made. Said fee shall be in addition to any service charge, installation fee or other amount otherwise imposed or levied upon parcels of property lying within said District.

4. The reasons for the reorganization of said districts are as follows:

(a) The existing boundary line between Otay Municipal Water District and South Bay Irrigation District is unduly meandering and confusing.

(b) The lands proposed to be annexed to South Bay Irrigation District are considered to be a part of the Sweetwater Reservoir Lands by the owner thereof and should be a part of South Bay Irrigation District as are all the major portions of the Sweetwater Reservoir Lands.

(c) The lands proposed to be annexed to South Bay Irrigation District are not considered to be suitable for residential construction due to their proximity to the said Sweetwater Reservoir whereas the lands proposed to be annexed to La Presa County Water District are considered to be prime residential lots.

(d) The La Presa County Water District is a member organization of the parent organization, Otay Municipal Water District in the general area of this proposed reorganization. Water facilities of La Presa County Water District now exist in Lakeview Avenue which borders the area proposed to be annexed to La Presa County Water District. No other retail water service is available within the same area.

(e) The lands proposed to be annexed to La Presa County Water District are not now eligible to receive service from any existing retail water service.

5. The Board of Supervisors of the Principal County hereby sets the 5th day of July, 1966, at the hour of 11:00 o'clock a. m., in the Chamber of the Board of Supervisors, Room 310 County Administration Center, San Diego, California, as the time and place fixed for the hearing of protests to the reorganization.

6. Any interested person desiring to make written protest against said reorganization shall do so by written communication filed with the Clerk of the Board of Supervisors not later than the hour set for hearing. A written protest by a landowner shall contain a description sufficient to identify the land owned by him; a protest by a voter shall contain the residential address of such voter.

PASSED AND ADOPTED by the Board of Supervisors of the County of San Diego, State of California, this 24th day of May, 1966, by the following vote:

AYES: Supervisors Gibson, Boney, Dent, Austin and Cozens
